RE: ARISE 2026 Annual Assessment Approval for GovRAMP Core

Approval Date: July 31, 2026

Dear Shashi Roy,

The GovRAMP Program Management Office (PMO) has completed the annual GovRAMP Core assessment of the ARISE security package.

Based on the security categorization of Moderate and the corresponding security package documentation in the GovRAMP documentation repository, the GovRAMP PMO has concluded that ARISE meets the necessary security requirements to be awarded a status of GovRAMP Core.

The GovRAMP Core status for ARISE is valid for one year from the date of this letter and will require re-assessment thereafter.
